SmartFridge - enhancing your guest's stay

SmartFridge is designed to be the most guest friendly and reliable hospitality grade fridge on the market. Its innovative features turn a compressor based refrigerator into a new level of guest convenience. The LED guest control panel allow guests to choose between three functions to suit their individual needs.

Fridge 50L
(without LED guest control panel)

SmartFridge 50L

SmartFridge 65L
(shown with optional glass door)

- ❶ Snooze button is pushed:
 - red light comes on
 - the unit is turned off for complete silence while sleeping
 - remains quiet until 50° F is reached
- ❷ Quick Cool button is pushed:
 - green light comes on
 - cools down at high speed until 34° F is reached
 - then runs at normal temperature (41° F)
- ❸ Fahrenheit / Celsius button is pushed
 - cooling temperature is shown in Fahrenheit or Celsius

Standard Features

- Curved door design
- Automatic defrost function
- LED guest control panel
- Door hinges convertible right / left
- Silent compressor
- Vibration absorbing feature
