CORROSION PROTECTION + FILTRATION + PROJECT MANAGEMENT

BLINEX is one of the leading unit in **Anti-Corrosive, Anti-Abrasion, Heat-Resistant and Non-Stick Coating since 1975** with the latest Foreign Technology and most modern plastic powder coating facilities.

BLINEX FILTER-COAT PVT. LTD. has three divisions viz. **Coating/Lining Division, Filter Division and Purifier Division.**

COATING/LINING DIVISION

BLINEX is processor of entire range of **Teflon/PTFE and Fluorocarbon Group of Coating** on standard and highly specialized chemical process equipment.

BLINEX also manufactures comprehensive range of **PTFE products and lined/moulded steel pipes and fittings and valves** with foreign technical know-how.

BLINEX's PTFE processing facilities and capabilities are available in the Indian market for **Chemical, Mechanical and other Engineering Applications.**

BLINEX has over the years successfully executed numerous challenging jobs for **Offshore, Petrochemicals, Pharmaceuticals, Chemicals, Textiles and other Process Engineering Industries.**

FILTER DIVISION

BLINEX has developed in 1978 for the first time in India a remarkable **porous plastic filter, a new filter material for filtering of Water, Chemicals, Air, Controlled transfer of liquids and also suitable for pneumatic Air filter and silencer.**

BLINEX has developed in 1998 **the membrane Diffuser and Aerator for waste water and effluent treatment plants** for pollution control.

WATER PURIFIER DIVISION

In **1999, BLINEX** has launched 7 Stage Water Purifier, which is Resin based Technology of 21st Century **NASA, USA** in two different models: 100 CTWB and Duplex 200 CTWB which purifies the water, which is more effective than UV technology.

“ QUALITY POLICY OF BLINEX FILTER - COAT PVT. LTD ”

“**BLINEX**” Since 1975 has been striving for “ **TOTAL CUSTOMER SATISFACTION** ” by providing tailor made Engineering solutions, which shall stand the test of time & serve as a bench mark into the next millennium through hitech project management & people participation.

Our Range of Specialized Products for Industrial Application:**TEFLON® / PTFE / Fluorocarbon / Fluoropolymer COATING & LINING DIVISION FOR CORROSION PREVENTION**

1. Teflon /Fluoropolymer /ECTFE (Halar) / ETFE / PVDF / FEP /PFA Thick Lining – **BLION™**
2. Teflon / PTFE Non-stick Coating on Industrial Components – **TEFCOT™**
3. Teflon / PTFE / Fluorocarbon Coated Fasteners, Studs, Bolts, Nuts, Washers, Screws – **XYLAN®**
4. Zinc Lamella, Zinc - Aluminum Systems, Chromium (VI) – Free Coatings - **DCRODL™**
5. Polyamide/ Nylon/ PP/ PVC Coating for Defense, Electronic & Automobile Industries - **PLASCOT™**
6. Teflon /PTFE Foam / Soft Gasket, Sheets, Washers, Disc etc. – **TEFOM™**
7. Teflon / PTFE Adhesive Tape – **TEFTAP™**
1. Teflon / PTFE Coated Glass Cloth – **TEFGLASS™**
9. Teflon / PTFE Moulded Parts – **TEFVAR™**
10. Teflon / PTFE Sparger Nozzle and Dip Pipe – **FUROLIN™**
11. Teflon / PTFE Lined Pipes, Fittings & Valves - **FUROLIN™**
12. Teflon /PTFE / Fluoropolymer Sheet Lining Services - **FUROLIN™**

FILTER DIVISION

13. Porous Plastic Filter Cartridge, Rods, Sheets, Disc of Different Sizes – **POLYPOR™**
14. Diffuser / Aerator for Waste Water Treatment Plants – **POLYFLEX™**
15. Airline Filter Element – **AIRFIL™**
16. Pneumatic Equipment Silencer – **SILON™**
17. Single & Multiple Cartridge, Filter Housing – **BLINEX™**
18. Porous Filter Sheets for Fluidizing Applications - **POLYPOR™**
19. Yarn Oil Lubricator - **POLYPOR™**
20. Porous Filter Elements for Medical Application - **POLYPOR™**

A-3, Nandbhuvan Industrial Estate, Mahakali Caves Road, Andheri (East), Mumbai - 400 093.
