DON'T JUST DRIVE THEM AWAY

KILL THEM, INSTEAD!

Live a healthy life.

Say goodbye to smoke
and poisonous gases.
Choose the safest way to
deal with mosquito menace.

Balaji Electronics - An inspiring success story

The inception of Balaji Electronics was in 2000, under the leadership of Mr. S. Durairaj, a renowned industrialist. Spread over an area of 25000 sq. feet, the company is equipped with a state-of-the-art infrastructure and a well-dedicated work force. The brand Balaji Electronics introduced in the market, Hunter Mosquito Terminator, gained reputation as an effective solution to the mosquito threat, within a very short span of time. Since then, when it comes to growth in sale, Hunter never had to look back.

The core team behind the design and development of Hunter Mosquito terminator bats are keen on updating the instrument as per the changes take place in the technology scenario. And definitely, the focus on quality is what helps Hunter remain a market leader. The success of Hunter, in turn, works as a powerful fuel in the future projects of Balaji Electronics.

Non-rechargeable Swatter
1 year warranty

SAFE AND CONVENIENT

Safe power input that is harmful only to insects, not to human beings or pets. 100% environment-friendly. Convenient to handle. Can be used for both indoor and outdoor needs. 100% safe in terms of side effects or allergies when compared to conventional repellents.
