

FLAMINGO JACUZZI SYSTEMS

The full range of **Flamingo bathtubs** in available colours can be fitted with jacuzzi systems.

Air and water are two basic natural elements which through hydro massage provide great benefit for your body. With **Flamingo baths**, water and air are skillfully employed to massage your body, giving an immediate sensation of well being, relaxation and revitalisation.

The **Flamingo range of Jacuzzi baths** are made from quality acrylic material and are easy to maintain.

For customer safety and hygiene **Flamingo Jacuzzi systems** are specially designed to drain off all the residual water when shut off.

Install a **Flamingo Jacuzzi bath** in your home. It will lead to a serene, dynamic and a more toned-up you.

From the beginning, Lombards has anchored its business philosophy on four guiding principles: **Innovation, Quality, Durability and Value.**

THE HEALTH BENEFITS

1. **Invigorates stressed muscles.**
2. **Eliminates strain and relaxes.**
3. **Stimulates blood circulation.**
4. **Relieves suffering from arthritis or rheumatism.**
5. **Hydro-therapy is recommended as a muscle-ache reliever especially for those undergoing physiotherapy.**
