To,

Kind Attn.:

Subject: Introduction of our product "PLANETARY SPEED REDUCERS".

Dear Sir,

We introduce ourselves as the manufacturers of PLANETARY SPEED REDUCERS. This is to inform to you that; we are in this field for last 18 years and have successfully supplied gearboxes to a number of customers all over India. With a widely spread network of selling distribution, we are achieving the various landmarks day by day.

We are here to offer the most suitable gearbox to you. Please find enclosed herewith our leaflet and technical catalogue for your ready reference. Kindly inform us whether some more information is needed to you. We are here to reply all your queries and offer the most efficient gearbox to you.

Secondly, in last year, our design and development team has worked a lot and have added a number of modifications in the drive to improve the performance.

We would like to give a list of products we manufacture, as on today, the same is as below.

1. Planetary speed reducers- rated torque capacities from 5 NM to 600000 NM
2. Planetary-gear motor – for the range of fractional HP to 50 HP.
3. Planetary creep drive – suitable for fractional HP to 30 HP.
4. Uni-axis twin output shaft gearbox – a unique of its kind.
5. Parallel axis twin output shaft gearbox.
6. Winch.
7. Drum motor.
8. Differential gear box.
9. Sprocket drive.
10. Bevel-planetary speed reducer – combination that gives compactness and rigidity in right angle drive.
11. Special dual speed gearbox with shifter mechanism .
12. Three phase induction electric motors
13. Heavy duty gear box for sugar mill and wind turbines
14. Slewing Ring bearings up to 3 mtr. Dia.

If you need more information of any of the above, please get in touch with our factory. Our people will honor your request immediately.

Hoping to get a chance to serve you.

Thanking you,

Yours faithfully,

For, KAVITSU TRANSMISSIONS PVT. LTD.
