➤ OUR EQUIPMENT DIVISION REPRESENTS

APTM SA
Switzerland

- *SuperJet - Spiral Jet Mill / Micronisers*
- *SuperMix - High shear powder mixers*

BISCHOF + KLEIN GmbH
Germany.

- *European full-service supplier of flexible plastic and paper packaging and of technical films..*
- *B+K has launched a completely biologically degradable film for hygiene packaging onto the market..*
- *supply products of top-class quality and are certified according to DIN EN ISO 9001:2000. Hygiene management for films and packaging in the foodstuffs, technical products, pharmaceuticals and medical products segments is additionally integrated*

J.ENGELSMANN AG
Germany.

- *Screening machines, trough and drum mixers, rotary valves, screw conveyors laboratory testing machines.*

K-TRON (SCHWEIZ) AG
Switzerland.
&

WUXI K-TRON COLORMAX
Wuxi, China.

- *Smart Gravimetric & Volumetric feeder systems*
- *Single Screw, Double Screw, Vibratory and Belt type for continuous and batch feeding operations.*
- *Smart Flow Meter for monitoring bulk solid flow for Plastic, Chemical, Food & Pharma Industries*

CONCETTI S.p.A.
Italy.

- *Fully Automatic High Speed Bagging System for Open Mouth Bags anf for FFS Type.*
- *Automatic Bagging System For Jumbo or Big Bags*
- *Integrated Dosing, Scale and Accessories Devices with Bagging*
- *Pallet Wrapping machines which allow to wrap the full pallet with stretch film or pallet covering with Film Hood.*
- *Palletizing with Robots.*
- *Palletizing with low level palletizer.*
- *Palletizing with High level palletizer.*
- *Complete Packaging Solution from Bulk Product to Protected Pallet*

PREMIER PNEUMATICS INC
U.S.A.

- *Long distance Conveying systems.*
- *Large Bulk Material Handling & Storage systems*
- *Positive pressure lean phase systems.*
- *Dust Free vacuum conveying systems.*
- *High accuracy multi material weighers.*
- *Dense phase vacuum systems.*
- *Specialised powder handling for non-free flowing products.*
- *Turnkey systems.*

Principals' List

➤ OUR INSTRUMENT DIVISION REPRESENTS

AMETEK INC.

U.S.A. (Thermox Div.)

- *Flue gas analyzers for O₂, CO, combustibles and methane.*
- *Trace O₂ Analyzers for Air Separation Process.*

AMETEK PROCESS INST.

U.S.A.

- *Process Mass Spectrometer*
- *IPS-4 UV Spectrometer*

ALPHA MOISTURE SYSTEMS

UK

- *Portable / Online Dew Point & PPM Moisture Analyser*

BOREAL LASER INC.

Canada

- *Laser based open path gas detection System*

COMET System, s.r.o.,

Czech republic

- *Online & Portable Humidity Meters.*

GALVANIC APPLIED

SCIENCES INC.

Canada

- *On-line Sulphur & H₂S Analyser, Process GC.*
- *Online analysers only for Sulphur Recovery Plant Air Demand, H₂S & SO_x.*
- *Online analyzers for viscosity, oil in water, chlorine, COD, BOD etc.*
- *Online Oil / Hydrocarbon in water, water in NMP, Chlorine*

MIKRON / E²TECHNOLOGY

U.S.A.

(A Lumasense Company)

- *On line & Portable IR Non-Contact Temp. measuring Thermometers/Optical Pyrometers*
- *IR Blackbody Calibration Source*
- *Flare Stack Monitoring Systems.*
- *Radiation Pyrometer for SRU application in Refinery.*
- *Thermal Imaging System*

PROCAL ANALYTICALS LTD.,

UK

- *Process GAS & LIQUID Analyzers, Caustic strength analyzer Water in Organics, Gases & oil Analyzer. Alcohol, Phenol, Ammonia in water analyzer. Insitu Stack gas analyzers for CO, CO₂, NO_x, SO₂, H₂S, NH₃, HCL, Cl₂, water, HF etc.*

PCME

U. K.

- *Smoke, Dust and Opacity analysers.*
- *Particulate Emission monitoring.*

SENSOR ELECTRONICS,

U.S.A.

- *Online Toxic / LEL Gas Detectors for safety.*

STRAINOPTIC Inc.

U.S.A

- *Polarimeter for surface stress & residual stress*
- *On-line scanner for float glass, tempered glass.*
- *Rollerwave distortion for measuring rollerwave & optical distortion.*
- *Non-Destructive Stress Measurement Instrumentation for glass, plastic film & sheets.*
- *Light transmission meter measure automotive glass transmittance & percentage of light through transmissive materials.*

AYROX SCRL,

Belgium,

- *Quality Control & Inspection equipments for Automotive, Architectural, Decorative glass, Laminated glass etc.*
- *Complete solutions and equipment to glass processors.*
- *Obligatory testing equipment for continuous testing to monitor the conformity of the production.*
- *Obligatory for ordinary laminated windscreens.*
- *Testing equipment for glass in building.*

VMA GmbH,

Germany

- *Glass thickness measurement instruments.*
- *Specialized in designing and producing opto-electronic measuring and testing (inspection) equipment for glass industry.*
- *Special emphasis is placed on non-contact optical thickness measuring instruments & comprehensive range of inspection systems.*
- *Specialist in optics, electronics, software, handling and cooling in glass industry.*
- *Chromatic sensor non-contact wall thickness measurement system TM (C) for container glass.*

TEWS,

Germany,

- *Portable & Online Moisture Measurement in Solid. Some applications are Tobacco, Paper, Textile, Gypsum, Hardboard, Pharma, Food, plastics etc.*

TRACERCO,

UK

- *Level, Flow, Solid/Liquid/Gas Phase Level, Gas Density Measurement instruments.*

TRANSCAT,

U.S.A.

- *Calibrators for various electrical, electronic, Physical / Mechanical, pressure, temperature measuring parameters.*
