## Making Your Work Better

When you make your living and reputation working with tools, how you can carry those tools on the job becomes more important than ever.

When you take our tool pouches on the Job site, you can rest assured that your tools will be secure, yet instantly accessible when you need them.

After years of working closely with professionals in all types of trade, our company has developed a lineup of tool pouches that is second to none in versatility, durability, craftsmanship and innovation.

Whether you're an electrician, carpenter, floor installer, farmer, maintenance person, dry Waller or even a well-equipped Do-it-yourselfer, you will find exactly the right tool pouches to make your work job easier.

Over 30 years ago, Mr. Kewal Krishan Bagga (Director.) has begun designing and manufacturing line of tool storage solutions. Our goal was to create innovative products to help everyone from the home do-it-yourselfer to the professional contractor/ tradesman. That original commitment remains our goal today.

From work aprons to tool pouches to kneepads to suspenders, our line of high-quality, well-designed products have been tried, measured, and found worthy. So worthy, in fact, that we occupy the most of market share in the work gear categories of tool pouches, holders, organizers and accessories - as proven by you, the users of our products.

We are proud of our strong position in the hardware and industrial markets and find great pride in knowing that we offer affordable tool storage solutions for every consumer. From the weekend warrior to the professional tradesman, you'll find our products are a small investment with a big return.

We are India Based leading manufacturer and exporter of tool bags, Pouches and holders. Others tool rolls, tool holders, tool kits, work aprons, belts & accessories with over 30 years of experience.

The items which we manufacture represent our most popular designs and they are used in a broad range of professional, from general DIY to building, carpentry, electrical and decorative works.

Our products are well displayed on our official website: [www.baggaindustries.com](http://www.baggaindustries.com)

We ensure that we will quote to you with our best offer. If you have any inquiries, please do not hesitate to contact us at.
