

## Bacteriological Incubator

The laboratory incubators that we offer are supplied with two pilot lamps, perforated shelves at every level and operated on 220 / 230 VAC. Mains. These are fabricated with double walled chamber, with S.S. from inside and M.S. from outside and have powder coat finish. Glass wool packing is done between the two chambers to evade loss of thermal. The heating of the laboratory incubators are controlled either by thermostat or digital temperature controller and for uniform heating fan air circulation is provided.

<b>SIZE</b>	<b>Size : Height Width Depth (In x mm)</b>	<b>Rating</b>	<b>Trays</b>
1	300 x 300 x 300	150 W	1
2	350 x 350 x 350	150 W	2
